

## Tuesday March 31<sup>st</sup> – AES Conference Day 1

7.45		<b>AES Executive Meeting (IMI Restaurant)</b>		
8.00		<b>Registration (Atrium)</b>		
9.00	Liffey	<b>Keynote Address</b>		
		Chair: Professor Berkeley Hill	Sir Gordon Conway, Chief Adviser Department for International Development 'A Doubly Green Revolution'	
10.00		<b>Contributed Paper Session 1</b>		
Climate Change & Bio-energy	Liffey 1	Wilfrid Legg	Climate Change & Agriculture: The Economic & Environmental Implications Of Extreme Weather Events & Bio-Energy Policy	Anita Wreford, Selim Cagatay, Caroline Saunders
			Efficiency Of Biofuel Policies In The Presence Of Environmental Externalities	Basak Bayramoglu, S. De Cara & J.F. Jacques
Access	Bandon	Alistair McVittie	A Hedonic Price Valuation Of Urban Green Spaces Using Geographic Information Systems	Johanna Choumert & Clément Delaître
			Access To Farmland For Walking In The Republic Of Ireland – The Attitude Of Landowners	Cathal Buckley, Stephen Hynes, Tom M Van Rensburg & Edel Doherty
			Expanding Stated Preferences: Augmenting Choice Experiments With Contingent Behaviour Data In The Demand For Recreation	Emma Rowan & Alberto Longo
Agriculture & Rural Economy	Nore	Ken Thomson	Modelling The Rural-Urban Effects Of A Reduction In Farm Support: A Bi-Regional CGE Analysis	Deborah Roberts, Kostas Pouliakas, Demetrios Psaltopoulos & Eudokia Balamou
			CAP And Agricultural Convergence Across The EU-15 Regions: Neoclassical Vs. Endogenous Growth & New Economic Geography Approaches	Maria Sassi
			Where does the money go? Estimating the multiplier effects of the Farming Connect Cumbria grant scheme	Steven Thomson & Alan Renwick
Bio Economics	Lee	Rob Fraser	Optimal control of spreading biological invasions: How long should the brake be applied for?	L. R. Carrasco, A. MacLeod, J.D Knight, J.D. Mumford, R.H.A. Baker
			Measuring The Economic Benefits & Costs Of Bluetongue Virus Outbreak & Control Strategies In Scotland	.A. Fofana,, L. Toma, L., D. Moran, G.J. Gunn & A.W. Stott
			Measuring The Benefits Of Farm Animal Health	Alistair W. Stott, Franz Brulisaauer, Fiona Fraser, George J. Gunn
11.15		<b>Tea/ Coffee Break (Atrium)</b>		
11.45		<b>Contributed Paper Session 2</b>		
Agri-Environment	Liffey 1	U. Lactacz Lohmann	Adverse Selection Impacts Of Farmer Participation In CAP Agri-Environmental Measures: The Case Of The Environmental Stewardship Scheme	Emmanuelle Quillérou & Rob Fraser
			Contracting For Biodiversity In Australia	Bronwyn Crowe, Ben White, David Pannell & Robert Lindner
			Economic Valuation Of Landscapes: Combining Landscape Ecology & Environmental Economics Methodologies	C. Tagliaferro, M. Antrop, D. Campbell, W.G.Hutchinson, A. Longo, V Van Eetvelde
Development	Bandon	Alan Matthews	Drivers of Current World Food Prices and the Effects on Food Consumption Expenditures in China and India	Caroline Saunders
			Socio-Economic Factors Influencing Adoption Of Fertilizer For Maize Production In Nepal: A Cast Study Of Chitwan District	Pashupati Paudel, Arjun Kumar Shrestha, Atsushi Matsuoka
			Variety Selection and Farmer Preference Based on Economics Return per Hectare in Durum Wheat	İ. Özberk, H Kılıç, Özberk, A Atlı, B Karlı
Agricultural Efficiency	Lee	Trevor Donnellan	The Determinants Of Efficiency In Irish Agriculture (1996-2006)	F. Thome , J. Carroll, S. Greene, C. O'Donoghue, C. Newman.
			Farm Performance In Central & Western Europe: A Comparison Of Hungary And France	Jozsef Fogarasi & Laure Latruffe
			Examining The Relationship Between Production Costs, Profit & Calving Seasonality Using Irish Dairy Farm Data.	Paul Smyth, Laurence Harte & Thia Hennessy
Supply Chain	Nore	Richard Tiffin	Do Asset Specific Traceability Investments Reduce Procurement Costs?	Alessandro Banterle, Diogo M. Souza Monteiro, Stefanelia Stranieri,
			Do Sales Matter? An Exploration Of Discounting Behaviour In UK Food Retailing	T.A. Lloyd, C.W. Morgan., S. McCorrison & E. Zgouu
			Investigating Thai Shopping Behaviour: Wet-Markets, Supermarkets & Food Safety	Matthew Gorton, Johannes Sauer & Pajaree Supatpongkul

## Tuesday March 31<sup>st</sup> – AES Conference Day 1

13.00		Lunch (IMI Restaurant)	Poster Session (Atrium)
14.00		<b>Parallel Symposia</b>	
	Liffey 1	<b>Alternative Approaches to paying for Environmental Services</b> Convener Alan Renwick with contributions from Gerald Schwarz (Humboldt University, Sebastian Klimek (von Thunen Institute) & Stephen Chaplin (Natural England)	
	Liffey 2	<b>EuroChoices Symposium on CAP Reform</b> Convener John Davis with contributions from Kevin Hanrahan (Teagasc), Hervé Guyomard (INRA) & Vincent Recquillart (INRA)	
15.30		<b>Tea/Coffee Break (Atrium)</b>	
16.00		<b>Contributed Paper Session 3</b>	
Land Use	Liffey 1	Diane Burgess	Linking Biodiversity, Land-Use & Incomes At The Farm Level: An Interdisciplinary Modelling Approach. <span style="float: right;">N. Hanley, M. Dallimer, K. J. Gaston, P. Robertson, P. Wilson, &amp; P. R. Armsworth</span>
			The Impact Of Changing Agricultural Policies On Jointly Used Rough Pastures In The Bavarian Pre-Alps – An Economic & Ecological Scenario Approach <span style="float: right;">Norbert Roeder, Dirk Lederbogen, Juergen Trautner, Ariel Bergamini, Silvia Stofer, Christoph Scheidegger</span>
			Structural Agricultural Land Use Modelling <span style="float: right;">Carlo Fezzi &amp; Ian J. Bateman</span>
Resource Economics	Lee	Andrew Barnes	Flood Risk – Prevention & Impact On Agricultural Lands <span style="float: right;">Klaus Wagner</span>
			Policy Implementations For Organic Agriculture: A Real Options Approach <span style="float: right;">I. Tzouramani, A. Liontakis, A. Sintori, P. Karanikolas &amp; G. Alexopoulos</span>
			Trade-Offs Between Conflicting Animal Welfare Concerns & Cow Replacement Strategy In Out-Wintering Scottish Suckler Herds <span style="float: right;">Bouda Vosough Ahmadi, Colin Morgan, Alistair W. Stott</span>
Dairy Sector	Liffey 2	Paul Wilson	Innovation Behaviour at the Farm Level: Selection and Identification <span style="float: right;">Johannes Sauer &amp; David Zilberman</span>
			Milk Retail Sales Patterns In A Transition Economy: The Case Of Hungary <span style="float: right;">Lajos Zoltán Bakucs, Imre Fertő</span>
			Gaining from Improved dairy cow nutrition: economic, environmental and animal health benefits <span style="float: right;">David Colman &amp; David E Beever</span>
Rural Development	Nore	Steven Thomson	The Irrational Choices Made By Farmer's Wives: An Analysis Of The Farm Family As An Economic Unit <span style="float: right;">Izzy Warren-Smith</span>
			Turning Around Peripherality: Economic Change In West Cork, Ireland, Since C. 1960 <span style="float: right;">David R. Stead</span>
			Transport Mobility & Accessibility To Services In Rural Scotland – A Case Study From Aberdeenshire <span style="float: right;">Eva Noack</span>
17.15	Liffey 2	<b>Annual General Meeting of the Agricultural Economics Society</b>	
17.15		<b>Buses depart IMI for Bewleys Leopardstown Hotel (to allow participants deposit belongings)</b>	
18.15		<b>Buses depart IMI &amp; Bewleys Leopardstown Hotel for Conference Dinner Venue (Jameson Distillery)</b>	
19.00 – 23.30	Distillery	 <b>Conference Dinner</b> <b>(Kindly sponsored by Bord Bia)</b> <b>at the Jameson Distillery, Dublin</b> 	

## Wednesday April 1<sup>st</sup> – AES Conference Day 2

9.00		<b>Contributed Session 4</b>		
Climate Change	Lee	James Broom	Prospects For Climate-Friendly Peatland Management - Results Of A Socio-Economic Case Study In Germany	Lena Schaller & Jochen Kantelhardt
			The Non-Permanence Of Optimal Soil Carbon Sequestration	Werner Hediger
			New Responsibilities Of Agriculture: Structural Differences In Stakeholder Networks & Intentions Towards Climate Change Abatement Strategies In Peatland	Rico Hübner & Jochen Kantelhardt
Food	Nore	Philip Lund	Food Production, Distribution & Culture: Public Views, Interests & Concerns.	Beata Kupiec-Teahan, Philip Leat, Cesar Revoredo-Giha
			Consumers Attitudes Toward Labelling Of Ethical Products: The Case Of Organic & Fair Trade Products	Azzurra Annunziata, Sara Ianuario, Paola Pascale
Rural Development	Bandon	Alan Renwick	Prospective Structural Analysis: An Application To Rural Development Strategies	M. Ambrosio Albalá, J.M. Martín Lozano, P.P. Pérez Hernández.
			Regional Development Options On A Local Scale Beyond 2013 – The Case Of Caithness And Sutherland (UK)	Holger Bergmann & Kenneth J. Thomson
Policy	Liffey 1	David Harvey	Agricultural Policy In The US and The EU: Going Their Separate Ways?	Julian C.R. Binfield, William H. Meyers, Wyatt Thompson & Patrick Westhoff
			An Analysis Of The Effect Of CAP Reform On The Irish Agriculture Sector	Peter Howley, Trevor Donnellan & Kevin Hanrahan
			Public Health Impact Of A Fat Tax Policy In England & Wales	Mathieu Arnoult, Richard Tiffin & Bruce Traill
10.15	<b>Tea/Coffee Break (Atrium)</b>			
10.45	Liffey	<b>Presidential Address</b>		
		Professor Alan Swinbank: EU Policies on Bioenergy, and their Potential Clash with the WTO		
11.45	<b>Contributed Paper Session 5</b>			
Climate Change	Liffey1	Anita Wreford	Marginal Abatement Cost Curves For UK Agriculture, Forestry, Land-Use & Land-Use Change Sector Out To 2022	Dominic Moran, Michael Macleod, Eileen Wall, Vera Eory, Alistair Mcvittie, Andrew Barnes, Bob Rees, Pete Smith, Andrew Moxey
			Estimating The Marginal Costs Of Greenhouse Gas Emissions Abatement Using Irish Farm-Level Data	James Breen, Trevor Donnellan
			Impact Of Greenhouse Gas Abatement Targets On Agricultural Activity	Trevor Donnellan, Kevin Hanrahan & Patrick Gillespie
Sustainable Agriculture	Nore	Robert Young	Return To The Hills: Labour Management For Profit & Welfare In Extensive Sheep Farming	Susanne Kirwan, K.J. Thomson.,I. E. Edwards & A.W.Stott
			What LFA beef & sheep farmers should do and why they should do it.	Duncan Anderson & Paul Keatley
			Multiple Goals In Farmers' Decision Making: The Case Of Sheep Farming In Western Greece	A. Sintori, S. Rozakis & K. Tsiboukas
Trade	Lee	Tim Josling	Communication Costs & Agro-Food Trade In OECD Countries	Štefan Bojnec & Imre Fertő
			WTO Doha Round: Impact Of An Agreement On Agriculture & The Importance Of Sensitive Product Status	J.C.R Binfield, Trevor Donnellan, Kevin Hanrahan, Pat Westhoff
			Agriculture Versus Fish – Norway In WTO	Ivar Gaasland
13.00	<b>Lunch (IMI Restaurant)</b>			
	<b>Poster Session (Atrium)</b>			
	<b>2<sup>nd</sup> Executive Meeting (IMI Restaurant)</b>			

## Wednesday April 1<sup>st</sup> – AES Conference Day 2

<b>14.00</b>		<b>Contributed Paper Session 6</b>		
<b>Food</b>	<b>Lee</b>	Tim Lloyd	Cereal Prices, Bread Consumption & Health In Scotland	Cesar Revoredo-Giha, Chrysa Lamprinopoulou, Luiza Toma, Beata Kupiec-Teahan, Philip Leat & Luca Cacciolatti
			Partial Analysis Of The Fruit & Vegetable Sector In Austria	Josef Hambrusch & Erika Quendler
<b>Supply Chains</b>	<b>Nore</b>	Duncan Anderson	Business Opportunities In Local Food Supply Chains: An Investigation In Australia & England	David Pearson & Alison Bailey
			The policy and trade challenges of managing price risk in the EU dairy industry.	Declan O'Connor, Michael Keane & Edel Barnes
<b>Land Use</b>	<b>Liffey 1</b>	Gerald Schwaz	Forested Farmland and Biofuel Production: Combining Spatial and Economic Data to Estimate the Impact of Land Use-Values on Forestation Rates	Erin Minihan
			Measuring the Impact of Policy on Farm Afforestation Rates: an Irish case study	James Breen, Trevor Donnellan, Kevin Hanrahan & Mary Ryan
			The Environmental Impacts Of High Crop Prices: An Econometric Analysis	Basak Bayramuglu & Raja Chakir
<b>Agricultural Efficiency</b>	<b>Bandon</b>	Shallesh Shrestha	A Nonparametric Kernel Representation Of The Production Function	Grigorios Livanis, Matthew J. Salois, Charles B. Moss
			Determinants of the Following Decision in Kosovo	Johannes Sauer, Sophia Davidova, L. Latruffe
<b>15.15</b>		<b>Tea /Coffee Break (Atrium)</b>		
<b>15.45</b>		<b>Contributed Paper Session 7</b>		
<b>Sustainable Agriculture</b>	<b>Lee</b>	Tahir Rehman	How Can Marketing Theory Be Applied To Policy Design To Deliver On Sustainable Agriculture In England & New Zealand?	S. A. Barns, B. E. Willoughby, G. Kaine, R. Lourey & H. Murdoch
			Modelling The Entry To & Exit From The Organic Farming Sector	Doris Laepple, Trevor Donnellan, Tom Van Rensburg
			Attempting The Impossible? Towards Measurement Of Irish Farm Sustainability	E.J. Dillon, T. Hennessy, S. Hynes.
<b>Land Use and Ag Prices</b>	<b>Nore</b>	Alan Renwick	Provision Of Environmental Output Within A Multi-Output Distance Function Approach	Francisco J. Areal, Richard Tiffin & Kelvin Balcombe
			Modelling The Mitigation Mix: Faecal Indicator Organism & Economic Sustainable Land Management	Allan Butler, Mike Winter, Rob Fish, Dave Chadwick, Chris Hodgson, Louise Heathwaite, David Oliver
			Agricultural Commodity Prices & Unit Root Tests	Atanu Ghoshray
<b>Rural Economy</b>	<b>Liffey 1</b>	Brendan Riordan	Schumpeterian Innovation In The Knowledge-Based Bio-Economy: A Look At The Irish Farming Sector	Kevin P. Heanue
			Impact Of The EU Farmer Retirement Scheme On Fatal Farm Incident Levels In The Republic Of Ireland 1994 – 2006	David Meredith & John McNamara
			Economic Returns To Education For Farm Households	Michael T Wallace & C G Jack
<b>17.00</b>		<b>End of AES Conference</b>		

# Conference facilities

Car Park and Bus Departure Point
